

Unauthorised overdraft charges - for Premier Current Account

The table below gives some examples of our charges for making payments from your account when you haven't got enough money in the account.

We developed these examples with the Office of Fair Trading and leading consumer groups to help you think about how changing the way you use your account can affect the amount we may charge you.

These examples are meant to show you how different actions can result in different charges. They are only examples so you shouldn't see them as actions you might take and charges you might have to pay.

We may not allow you to use your account in the ways shown below. You should avoid going overdrawn where possible and you should contact us if you need help to manage your account.

We could add other charges and interest to your account if you try to make payments when you do not have enough money. For details of all the charges and interest rates for these accounts please refer to the Tariff of Fees and Costs available within the Product Terms & Conditions for the Premier Current Account.

Choose an example below which shows how you might manage your account. If you have recent statements, use these to help you choose. Once you have worked out reasons why you might be charged, it could help you to avoid charges in the future.

	Reasons you might be charged	Charge
1	We refuse a payment from your account because there is not enough money in your account.	£25
2	A payment from your account takes you into an unauthorised overdraft by less than £10. You are overdrawn for one day during the month.	£10
3	A payment from your account takes you into an unauthorised overdraft and you make another payment from the account while you are overdrawn. You are overdrawn for two days in a row during the month.	£10
4	A payment from your account takes you into an unauthorised overdraft, and you make nine more payments from the account while you are overdrawn. You are overdrawn for ten days in a row during the month.	£10
5	A payment from your account takes you into an unauthorised overdraft. You are overdrawn for one day. However, on three more occasions during the month, a payment takes you into an unauthorised overdraft. On each of these occasions you are overdrawn for three days in a row.	£10
6	A payment from your account takes you into an unauthorised overdraft. You are overdrawn for 21 days in a row during the month and you make 12 more payments from the account while you are overdrawn.	£10 or £35 <small>(£35 would apply where a cheque payment was made that was supported by a cheque guarantee card).</small>
